A screenshot of the search filters for collection activity. There are two search sections. The first section, 'Search by date', has two date input fields: 'Acted date from' and 'Acted date to', both containing '25-03-2018'. A green 'View' button is positioned to the right of these fields. The second section, 'Search by contract number', has a 'Contract number' input field and a greyed-out 'View' button. A red dashed box highlights the date fields and the green 'View' button. A red arrow points from the text '3.2 Click View' to the green button. A black arrow points from the text 'Alternatively, Contract number can be used to specify unique contract' to the 'Contract number' input field.

3.3 List of contracts will appear in this table

The screenshot shows a web application interface for 'Collection activity'. At the top, there is a navigation bar with tabs for 'Contract', 'Collection', and 'Report'. The 'Report' tab is active, and within it, 'Collection activity' is selected. The interface includes search filters for 'Acted date from' and 'Acted date to', both set to '25-03-2018'. A 'View' button is present. To the right, there is a search box for 'Contract number' with a 'View' button. Below the search filters, the interface displays summary statistics: 'Number of contracts: 100' and 'Number of activities: 125'. A table of contracts is shown with columns for Contract no., Business name, Customer name, Contract group, Activity, Responder, Response, Promise-to-pay type, Promise-to-pay amount, Next follow-up date, Next follow-up activity, and Comment. Two rows of data are visible, both for contract CSF-10001. The first row shows a 'Phone call - Follow up' activity by James Smith, and the second row shows a 'Field visit' activity by Johny Smith. A red dashed box highlights the search filters and the table area. A red arrow points from the text '3.3 List of contracts will appear in this table' to the table area.
